## August Meeting Agenda

# Photography in Africa

Presented by Bob Smith

BY TONY PARISO

[PROGRAMS@LPS.CC](mailto:PROGRAMS@LPS.CC)

Each month, during our competitions and at Third Monday a large number of member submissions are focused on wildlife photography. While many of us are intimately familiar with the wildlife of the Rocky Mountain Region, I suspect we all have bucket list fantasies of shooting in Africa, Antarctica or some other exotic location. Our speaker this month, Bob Smith, has lived those fantasies and will share his experiences. His website, <http://www.bobsmithimages.net>, is well worth a visit and is a testament to his photographic skills as well as to the extent of his travels. I've asked him to focus on photography in Africa since an African Photo Safari has got to be the dream vacation for any wildlife photographer. I'm guessing it won't take much prompting to get Bob to talk about the other exotic locations he has shot.

Bob will share the techniques he uses to capture images that have appeared in National Geographic, Nature Photographer, The Nikon Product Catalog and many other publications. The images on his website are stunning and if you are like me you probably have lots of questions about how they were captured and how you can apply those techniques to your own photography. I you've ever pictured yourself with your camera in a Land Rover on the plains of the Serengeti, get ready for a great program.

**Beginning in August 2016  
The Photo Review Session  
Will Have a  
Limit of Two Photos**
